

God wants us to the have your babies  
Because we are better then you

Wars, concentration camps  
And treating people as property  
Are caused when  
People believe they are better than you

God wants us to the have your babies  
Because we are better then you

Wars, concentration camps  
And treating people as property  
Are caused when  
People believe they are better than you

God wants us to the have your money  
Because we are better then you

Wars, concentration camps  
And treating people as property  
Are caused when  
People believe they are better than you

God wants us to the have your daughters  
Because we are better then you

Wars, concentration camps  
And treating people as property  
Are caused when  
People believe they are better than you

God wants us to tell you what to do  
Because we are better then you

Wars, concentration camps

And treating people as property  
Are caused when  
People believe they are better than you

God wants you to have faith in us  
Because we are better then you

Barry Wyatt Jr.  
My songs are my prayers  
Linking my songs together creates my life story  
Help the babies by singing my songs
